HOT WEATHER SIEGE TO LAST WEEK OUT

Thermometer on Thursday Will Not Equal Wednesday's Record—Cooler in Four Days, Says Mr. Spencer—Rain Not Near.

PROSTRATIONS, 9; DEATHS, 3

"St. Louis may expect relief from the siege of hot weather after this week, but I do not look for a change sooner," said Acting Forecaster Spencer Thursday.

"To be exact, cooler weather should visit this region in four days. Until then, St. Louis must bask and blister, although the temperature may not again go as high as it did Wednesday."

"Lower temperatures prevail throughout the western regions and they eventually will travel to St. Louis."

The weather map does not hold out any hope of rain. The only "low" that is visible is anchored in the lower portion of California. "Highs" prevail elsewhere.

Thunderstorms, with considerable rain-fall, were reported from the upper Missouri valley and the lake region Wednesday night.

The heat throughout Wednesday night was intense and the number of persons that forsook their homes to sleep out of doors was even greater than on the preceding night.

Comfort was not to be found anywhere and all were glad when day came to relieve the mercury up to 87 degrees by 8 o'clock, but its progression later was slow and indicated that the high mark for the day would be less than it was Wednesday by several degrees.

At 12 o'clock the reading was 85, which was 10 less than the thermometer registered at the same hour Wednesday.

The list of heat prostrations, with fatal results in many cases, continues to grow notwithstanding the failure of the thermometer to reach the record mark.

Nine cases were treated at the Central City Dispensary Thursday morning, and three deaths were reported from the city. Hospital cases are reported from the city.

These figures do not indicate adequately the extent of the suffering throughout the city, as comparatively few of the cases of illness caused by heat are treated at the city institutions.

Passengers from Louisiana, Mo., who arrived in St. Louis Thursday morning, stated that a heavy storm of rain, wind and hail visited the vicinity of Louisiana Wednesday afternoon.

EADS BRIDGE FREE TO ALL Beginning Thursday Night It Will Be Open During Evenings Without Charge.

W. S. McChesney, vice-president and general manager of the Terminal Railroad Association, announced Thursday that the Eads bridge would be free for the use of the public from 8:30 to 11 o'clock in the evening, beginning Thursday night and continuing until September 10.

This courtesy will be extended to everybody, young and old, rich and poor. It includes permission to promenade on the bridge or to walk across it.

General Manager McChesney says that the desire of the company is to make the nights as comfortable for the suffering citizens as possible.

MUST SEND TO CITY FOR FOOD. Drouth Regions' Wants Causes Rush at Cupples Block.

Tenants of the Cupples block and the adjacent wholesale district suffer as much from the heat as other St. Louisans and are incidentally affected by the drouth throughout the West and Southwest.

The effect of the drouth upon these firms is pleasant enough financially, but on the members of the firms and their employees is rather disagreeable personally.

They are working overtime filling orders for the drouth-stricken sections. The drouth of the crops has caused an unprecedented demand for canned goods.

Many of the houses are working every night to fill these orders. Several of them were forced to work their men last Sunday.

DEATHS REPORTED THURSDAY. Mrs. Margaret Murnaghan, aged 70, of 246 Lafayette avenue, found dead in her bed Thursday morning.

Charles Schafer, aged 51, cigar maker, of 1432 South Second street, died suddenly, 7:10 Wednesday night.

Oscar Delatour, vice-president of the R. E. McMath Surveying Co., died Wednesday night at his home, 3912 Ellendale avenue.

From the effects of the heat Mr. Delatour was 64 years old and had been a surveyor for many years.

Louis Spreiter, married, a baker, living at 327 South Jefferson avenue, died at his home Wednesday night from the effects of the heat.

SAY THAT PARK SITE IS ILLEGAL

Injunction Suit Filed Against Fair Company.

BROUGHT BY CHESTER H. KRUM

HE ACTS FOR H. H. WERDES AND JOHN F. BERGHEIM.

Contention Made That People Have Charter Right to Park and Must Vote the Privilege to the Exposition Company.

Injunction proceedings were instituted Thursday afternoon in the St. Louis Circuit Court to prevent the Louisiana Purchase Exposition Co. from using Forest Park as a site for the World's Fair in 1904.

Suit was filed by Attorney Chester H. Krum at 1:40 o'clock Thursday afternoon.

The plaintiff is Henry H. Werdes and John F. Bergheim, who allege that they are taxpayers and are bringing the injunction proceedings on behalf of all the taxpayers of St. Louis.

The suit asks that the Louisiana Purchase Exposition Co. be enjoined from accepting the provisions of the ordinance passed on May 19 providing for the use of Forest Park as a site for the Fair.

The ordinance provides that the park and its contents be sold to the people of St. Louis.

It gives in full the ordinance of May 19, providing for its use as a Fair site.

It contends that the people of St. Louis have a charter right to the exclusive use of the park.

PLANNED A SALOON RAID

Sol Temple, a Noted Outlaw, and His Confederates Arrested After a Sharp Fight.

LEAVENWORTH, Kan., July 25.—Sol Temple, a member of the old Ellsworth gang of outlaws which several years ago operated extensively in Southern Kansas and Oklahoma, has been arrested here, together with William Jones, alias William Henesley. They were taken by two detectives near Ft. Leavenworth in what is known as the "Klondike" saloon district outside the army reservation.

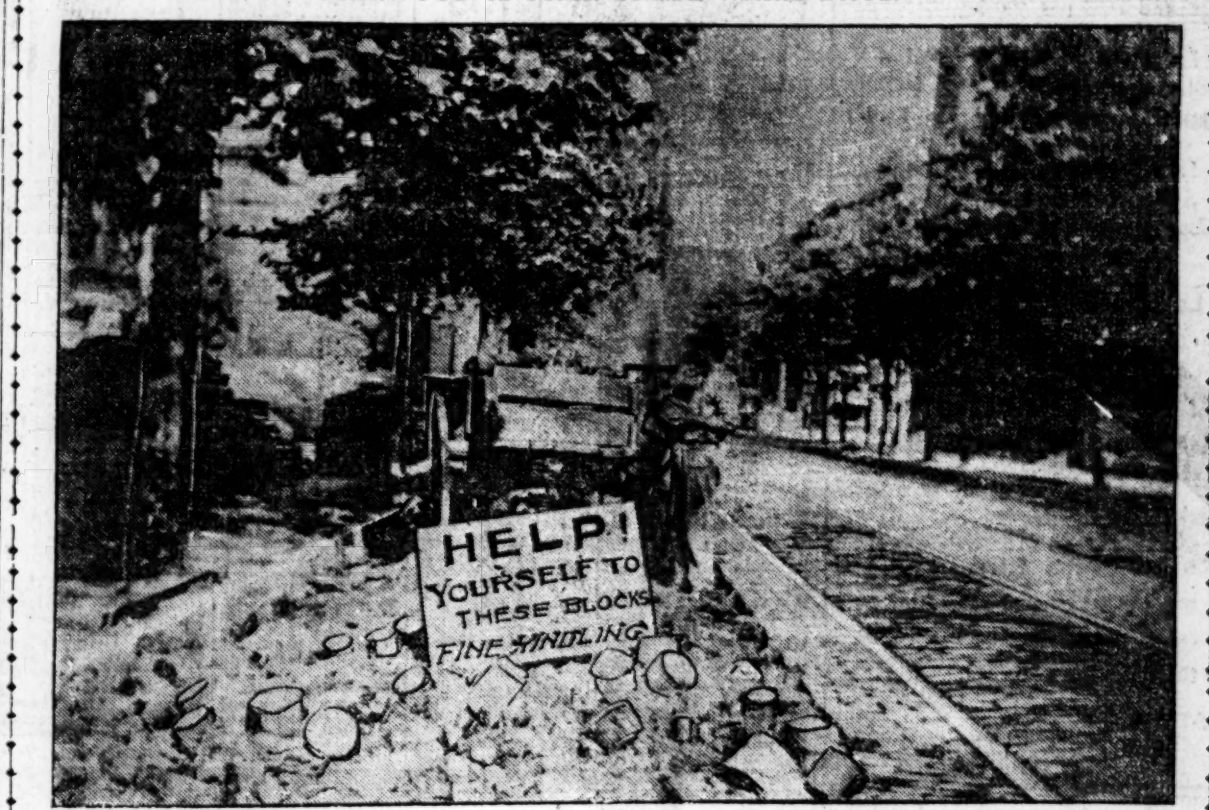

They had, it is alleged, planned a raid on the saloons and had cut the telegraph wires, breaking wires twice.

Only when a revolver was placed at his breast did Jones surrender. He was first taken to the office where he covered him, but it failed to fire and the officer shot him in the neck. The wound is serious but not fatal.

Temple will be taken to Pond Creek, O. T., where he is wanted on several charges known as the "Klondike" case.

Jones, is about 22 years of age, and says his home is in St. Joseph, Mo. Temple's identity was not known at first until examined by two detectives brought from Kansas City. He went under the name of Murphy.

POST-DISPATCH CAMERA STORIES OF ST. LOUIS FIREWOOD IS FREE THESE WARM DAYS.

New St. Louis will kindle its winter fires with the wooden paving blocks of Old St. Louis. The wooden blocks that are being removed from Washington avenue, between Theresa and Grand avenues, are given to whoever will cart them away, and several teamsters are making a living by selling the blocks for kindling wood.

FARMERS SUFFER \$100,000,000 LOSS IN MISSOURI BY THE DROUTH

But This Startling Statement, Says the Board of Agriculture's Secretary to the Post-Dispatch, Does Not Mean That the Missouri Farmer Is Impoverished.

HOPE LIES IN STORM FROM WEST INDIES.

WASHINGTON, July 25.—There are indications, Weather Bureau officials think, that the end of the torrid season is approaching.

Rains have fallen in spots over a wider area within the past forty-eight hours than at any time since the heat wave held sway.

On one point students of meteorology are agreed—that the hot weather is not likely to be broken by tornadoes.

Present conditions are not of the kind that produce these violent storms. It is more likely that the end will come gradually, or be broken by general rain storms with high winds, not tornadic, coming from the West Indies.

There has been no material change in the weather conditions during the past twenty-four hours. The temperatures were not unseasonable over the East and South and Lake Region, but in the central valleys and West they continue abnormally high.

It is cooler in Missouri and Kansas today. Light rain is reported to have fallen last night in parts of Kansas, Missouri, Nebraska, Illinois and Iowa.

STATEMENT BY G. B. ELLIS, Secretary of the Missouri Board of Agriculture.

Special to the Post-Dispatch. COLUMBIA, Mo., July 25.—Secretary G. B. Ellis of the Missouri State Board of Agriculture made the following statement for the Post-Dispatch today estimating the losses to Missouri farmers by the present drouth:

I think a conservative estimate of the loss to farmers up to date is \$100,000,000.

The loss may be divided as follows:

Products.	Money Loss.
Oats (two-thirds loss).....	4,000,000
Hay (four-fifths loss).....	50,000,000
Corn (four-fifths loss).....	15,000,000
Fruits and vegetables.....	15,000,000
Livestock.....	2,000,000
Minor crops (flax, forage, tobacco, etc.).....	2,000,000
Total.....	\$100,000,000

However startling these estimates may be, no one need be alarmed about Missouri being able to take care of every one of her people.

A normal wheat crop has been harvested, and the short hay and oats crop saved in excellent condition. Some corn will yet be produced and by carefully saving all the fodder and sowing wheat or rye for fall pasture and drawing upon the snug bank account that many of our farmers have, we should be able to get through the winter fairly well. The farmers generally take a philosophical view of the situation and when the rains do come will be ready and able to soon retrieve the loss.

That the Missouri farmer can live without suffering for food and clothing after sustaining the unprecedented loss occasioned by the drouth, only shows the wonderful resources of this great state. No patriotic Missourian would want to magnify the disastrous effects of the present drouth, and on the other hand it is not to the advantage of the farmer or best interests of the other industries of the state to withhold the facts. To a degree the success of nearly every industry in Missouri depends upon the prosperity of the farmer and I take it the business men of the country want to know the exact condition, if possible, for the benefit of future calculations.

ZINC ORE FOR BELGIUM. 210 Tons Shipped From the Missouri-Kansas District.

JOPLIN, Mo., July 25.—A shipment of 210 tons of high grade zinc ore was shipped to Antwerp, Belgium, yesterday, via New Orleans.

This is the second shipment sent, one cargo of ore having gone in April. Others will follow monthly until the contract is completed for 2500 tons. The ore sold to European smelters does not net the mine owners as much by about four dollars a ton as that sold to home smelters, but the Zinc Miners' association, by exporting large quantities of ore, prevents the accumulation of a surplus and is thereby enabled to maintain good prices for ore.

TYSON HEIRS WILL MEET. They Will Arrange to Divide the \$52,000,000 Australian Estate.

FORT WORTH, Tex., July 25.—The Tyson heirs will meet here on Aug. 13 to arrange for the distribution of the vast fortune left by John Tyson, who died in Melbourne, Australia, two years ago, leaving an estate valued at \$52,000,000, about one-half of which is cash in the Bank of England, the balance being railroad and mining stocks and real estate in Melbourne. The call for the meeting was issued by Thomas A. and William Tyson, nephews of the deceased, and is being mailed to all heirs who are now known to them, there being about 20, all told. Four of them live in Texas, two in this city and two in Johnson County.

WILL CARRY KING'S CANOPY. Queer Comic Opera Ceremony of the Barons for the Coronation.

LONDON, July 25.—Hastings was the scene yesterday of a most picturesque old time ceremonial. The Brotherhood and Guesting Court, which is the curious title given to the Council of the Cinque Ports, met there for the first time since 1660, to take steps to assert the ancient right of the barons or free men of the port to take part in the coronation.

The privilege was recognized in the ancient days, when the Cinque Ports—Hastings, Romney, Hythe, Dover and Sandwich—constituted an important factor in the national defense, but the claim which is now made was allowed to lapse at the coronation of Victoria and William IV. The usual number of barons at the coronation is 22, and they are empowered to carry the canopy over the head of the King and Queen, and possess the right of putting on their caps as soon as the King is crowned.

THE WEATHER INDICATIONS. For St. Louis and vicinity—Fair Thursday night and Friday. Slight change in temperature. Missouri—Generally fair Thursday night and Friday; slight change in temperature. Illinois—Partly cloudy Thursday night and Friday, with probably showers in north portion Thursday night. Kentucky and Tennessee—Generally fair and continued warm Thursday night and Friday; winds mostly southerly. Arkansas—Partly cloudy Thursday night and Friday; probably showers Friday; easterly to southerly winds. Rhode and Indiana—Partly cloudy Thursday night and Friday; slight change in temperature; southerly winds. Iowa—Partly cloudy, with probably local thunderstorms Thursday night and possibly in east portion Friday.

Free ice will be given families in need of it through the Post-Dispatch.

The distribution of free ice will begin this evening.

The Post-Dispatch at noon today started the Post-Dispatch Free Ice Fund for the purpose of alleviating the suffering of the city's poor during the continuance of the intense hot spell.

Within one hour over \$300—enough to relieve 3000 families one day—had been subscribed.

Ice will be delivered to the beneficiaries of the fund by the Provident Association and ice will be issued to those entitled to it, who will call at the supply depot of the Provident Association, 1223 Washington avenue.

Tickets entitling the holders to free ice will be issued by the Provident Association, by the Saint Vincent de Paul Society and by the Hebrew Relief Association.

But the Provident Association will issue ice at its supply depot to any persons bearing a doctor's certificate that the holder is in need of ice.

The distribution of free ice will be continued until this term of extreme heat shall have expired.

The Post-Dispatch started the fund with \$100; the first contributor was the Anheuser-Busch Brewing Association, which second vice-president, Mr. A. E. Faust, generously offered to supply one ton of ice daily. This offer was accepted and the first distribution of ice will be made from this source.

Other early contributors were St. Louis and Suburban Railway Co., \$250; D. D. Walker \$100; A. G. Edwards & Son \$100; Zack Tinker \$20 and Henry A. Siegrist \$10.

The Post-Dispatch, in the name of the suffering poor, solicits subscriptions to the free ice fund. Subscriptions will be acknowledged in these columns from day to day and the progress of the work of charity will be reported.

ST. LOUIS PROVIDENT ASSOCIATION TO THE POST-DISPATCH. ACCEPTING THE WORK OF DISTRIBUTION OF FREE ICE.

To the Editor of the Post-Dispatch. In the work of the Provident Association we come in contact with very many cases that need not only medical attention, but food and supplies, and also where it is necessary for us to supply ice, as well as sick diet. We have during the past month supplied several hundred pounds of ice to those who greatly needed it; but there are hundreds of families that we have not been able to supply, because we have no fund with which to purchase a supply for others than those who are sick or very destitute.

We hail with delight the proposition of the Post-Dispatch and other philanthropists to furnish a quantity of ice for distribution to the poor and will take pleasure in offering the facilities of the Provident Association to see that the ice is distributed to those who really need and deserve it.

We shall be very glad to confer with you, as to details of distribution and trust that by our mutual co-operation you will be able to relieve very many who so greatly need the ministrations of the kind you propose.

The greatest struggle the association is having now is to care for the sick poor in the tenement districts. Overcrowded houses, ill ventilated homes, muddy river water and poor food are contributing more than we can tell to the death roll of the city.

Whatever will relieve these conditions will be a benefit not only to mankind, but will redound ultimately to the benefit of the city.

The Provident Association is reaching all cases of the sick that can be reached by the services of two nurses and a corps of volunteer physicians, but, after all, the amount that can be done by only one organization is comparatively small.

What is being done by our charity organization to alleviate suffering is but a drop in the bucket of what should be done and could be done if larger means were placed at our disposal. Your co-operation in this matter will be very greatly appreciated. Respectfully yours,

THE ST. LOUIS PROVIDENT ASSOCIATION. W. H. MCCLAIN, General Manager.

SOUGHT A DRAMATIC DEATH. Supposed Wealthy New Yorker Tried Suicide on a Pullman Car in Montana.

BUTTE, Mont., July 25.—A young man supposed to be Henry H. Armistead of New York, died at his home, 1514 Palm street, Thursday morning at 7:30 o'clock. A kidney complaint combined with the hot weather caused his death.

Courtney has been on the police force for the past twelve years. He was a diligent officer, and was well liked by everyone. He came in contact with him. He was married and is survived by a wife and several children. He was 35 years old.

PAROLED PRISONER ARRESTED. O. H. Brown was arrested in Belleville two weeks ago on a charge of attempting to pass forged checks on Jacob Sison and Stephen Strickmaster.

It was learned that he was a paroled prisoner from Chester penitentiary. Wednesday an officer arrived in Belleville from the prison and took Brown back.

Brown was sent to the penitentiary for passing forged checks in Frankfort, Ill. He was turned out on parole several months ago. He had to serve out the old sentence and will then be paroled for the Belleville attempt, in alluding to disclose his own identity of that city.

POLICEMAN COURTNEY DEAD. He Had Been on the Police Force for Twelve Years.

RICHARD CARROLL, AGED NINE, RISKED HIS LIFE TO GET A KITE

Tried to Take It Off of a Live Wire When the Shock Threw Him to the Ground.

Richard Carroll, 9-year-old son of Peter Carroll, 2200 Wash street, risked his life to get possession of a stray kite Monday afternoon.

Richard is quite an expert kite-maker himself, but the kite that took his fancy was a little, bright red one that had caught in some telegraph wires near 2238 Wash street.

A tall tree stands near that particular spot and its branches reach out over the wires.

There have not figured much in little Richard's life. He is a real city child and knows more of pavements than he does of nature.

The tree was the only way to the kite, however, so Richard climbed it. Out on its branches he went until he was within reach of the kite. He began to disentangle the string when his left hand was caught and held by the current in the wire. He tried to loosen the wire's hold with his left hand, lost his hold on the tree limb and fell to ground.

His head is cut and bruised, his left knee is hurt, his left hand is badly burned from contact with the live wire and his right hand is slightly burned.

He has scarcely slept since the accident occurred and he suffers constantly from a pain in his head, caused by the shock given his nerves.

He is such a little fellow, although he says he is 9 years old, always adding in a hopeful sort of way that he will be 10 in October.

The Carroll children—there are nine of them—are all active and Mrs. Carroll says Richard is one of the quietest.

With the fear of death before him—the little fellow doubts whether he will recover—and the miserable pain that racks his head and dangles the skin under his hazel eyes, he, nevertheless, remembered just where his latest photograph was and took great interest in showing "how the

Several Names Have Been Stricken From the List of Applicants for Director-General, All Being Considered Ineligible.

President Francis and George W. Parker and John Schroeder, World's Fair directors, were in consultation together at noon Thursday, in the executive committee's room at the headquarters.

The next important meeting among World's Fair workers will be the meeting of the board of directors at the Noonday Club at 11 o'clock Saturday morning.

The announced purpose of this meeting is to consider certain changes in the by-laws of the exposition committee regarding the scope of the committee on Manufactures and Liberal Arts.

The changes under consideration contemplate dividing the work of the committee between two committees.

There will be a meeting of the committee on Fish and Fisheries at 2:30 o'clock Friday afternoon. Seth Cobb is chairman of the committee.

At the meeting of the committee on Organization Wednesday afternoon enough attention was devoted to the director-generalship to remove from the list of applicants for the place those applicants whose ineligibility is unquestioned.

Members of the Organization Committee admit that they are no nearer a choice for director-general than they were.

The Organization Committee Wednesday afternoon drafted a new by-law defining the duties of the Historical Committee. The by-law is as follows:

DEWEY WILL HEAD THE BOARD

Schley-Sampson Inquiry Will Be Open.

PAPERS BEING PREPARED

OTHER MEMBERS ARE REAR ADMIRALS KIMBERLY AND BENHAM.

Secretary Long Announces That Admiral Schley Will Be Allowed Counsel and All Latitude in the Inquiry.

WASHINGTON, July 25.—The board of inquiry, which is to investigate the controversial points in connection with Admiral Schley's conduct during the Spanish war, will be composed of Admiral Dewey, president of the court, and Rear Admirals Lewis A. Kimberly and Andrew E. K. Benham. The court will meet at the navy department in Washington, Sept. 12. Secretary Long announced these facts today.

The judge advocate general of the court has not yet been selected and the precept to the court which will be prepared by Capt. Lemly, judge advocate general, has not yet been completed. The scope of the inquiry will not be known until the precept and order for the convening of the court are issued. It is expected that the inquiry will be promulgated by the department tomorrow.

While the formal order has not yet been issued, it is understood that Secretary Pillsbury, equipment officer of the Boston navy yard, as judge advocate of the Schley court of inquiry. Commander Pillsbury was in command of the dynamite cruiser Vesuvius during the Spanish war, attached to Sampson's fleet.

Secretary Long says, however, that the proceedings of the court will be open and that the widest latitude will be permitted in the matter of witnesses and that Rear Admiral Schley will be allowed to be represented by counsel. The secretary had nothing to say about the composition of the court except that he thought it spoke for itself and to express the hope that the members chosen would be satisfactory to all concerned.

He pointed out that none of the officers chosen, so far as he knew, expressed an opinion concerning the Spanish war, and that the Sampson-Schley controversy, and it was therefore presumed that the inquiry would enter upon their work in an impartial and unprejudiced spirit.

The members of the court are distinctly fighting men. Each has been connected with the Spanish war in a different way. Of Admiral Dewey, the hero of the battle of Manila bay, it is unnecessary to speak. His record is familiar to all.

Admiral Benham played a dramatic part at Rio de Janeiro during the great naval revolution in 1894, the particulars of which were recounted in these dispatches a few days ago.

What You Pay for extracts is important, but what you get more important. Burnett's Vanilla costs more because worth more.

NEWMAN WAS GLAD TO RETURN Went With His Wife in Order to Escape Prosecution.

Alfred Newman, who was editor and proprietor of the Independence, (Mo.) Democrat, agreed in the holiday at the Four Courts Thursday morning to accompany his wife and child back to their home in the event that he be not prosecuted on the charge of wife-abandonment.

Newman was arrested Wednesday afternoon at 1312 Olive street by Detectives Sullivan and Guion on a telegram from Chief of Police Zimmer of Kansas City, Kan. Thursday morning Mrs. Sarah A. Newman, his wife, and Leonard A. Newman, his 7-year-old son, reached St. Louis and went direct to the Four Courts, where they met and conversed with Newman, who was a prisoner.

Mrs. Newman said that she had been married for 26 years and she never had any domestic trouble until now. She said that until three years ago she lived at Kansas City, Kan. Then they moved to Independence, Mo. They lived next door to a family named Newman, who was a prisoner.

Last January they moved back to Kansas City, Mo. Newman said, saying that he was coming to St. Louis to obtain work. Mrs. Newman said that once since she received a letter from her husband, a few days ago she said that she received a letter from a friend informing

her that Newman was living in St. Louis and that Mrs. Newman was with him. She caused his immediate arrest and followed it up with a visit to the city. He said that he had wronged Mrs. Newman and he had endeavored to make reparation. He had done all he could, but she was willing to accompany his wife back to Kansas City.

SHORT CROP IN HUNGARY.
 BUDAPEST, July 25.—The official estimate for the forthcoming Hungarian crop places wheat at 26,000,000 metric centners, which is 2,000,000 metric centners below the production of 1900. The quality of this wheat is considerably below the expectations. The crop is estimated at from 12,000,000 to 12,500,000 metric centners, which is somewhat above the crop of 1900. Hay is estimated at from 5,000,000 to 5,500,000 metric centners, being a decrease from last year's production of 12,000,000 metric centners.

NEW MERCANTILE STRUCTURE.

Six Story Building for Seventh and
Locust Streets.
Plans have been drawn by Architects
Eames & Young for a six-story fireproof
structure at the northeast corner of Sev-
enth and Locust streets.
The working of the building now
standing there will be commenced at
Clifford M. Dolph of the drug firm of
Judge & Dolph, which now has a store
on that corner, will erect the new building.
It will be a mercantile structure and will
have a front of the Thirteenth Cavalry,
running back to the alley.
St. Louis Soldiers Await Orders.
Lieut. William H. Clifton, Jr., one of the
four Missourians who successfully passed
the regular army examination, is in St.
Louis awaiting official orders to proceed to
Fort Meade, S. D. He has been assigned to
a troop of the Thirteenth Cavalry, station-
ed there.
An who was successful, the other St. Louis-
ian, who was successful, will be sent to
the Third Cavalry and will be sent to
St. Louis awaiting orders. He is also in St.
Louis awaiting orders.

says: "Six long weeks on account
of an aching back I could hardly get
up or down, turn in bed or lift a bucket
of water. I used plasters and tried ev-
erything that came to my notice before I
went to Wolff-Wilson Drug Co.'s for
Doan's Kidney Pills. I was not certain
whether my kidneys was the cause of
the trouble or not when I commenced
the treatment, but this I do know, Doan's
Kidney Pills have effectively disposed of
the last attack."

TWO REALTY SALES.

Corners at Olive and Twentieth and
Pine and Twentieth Sold.
The Mercantile Trust Co. sold Wednes-
day to Amadeo V. Reyburn for \$19,000 the
southwest corner of Olive and Twentieth
streets, 31,600 feet, with a two-story brick
house. The price named is a little more
than \$600 a front foot on Olive, or \$5.50 a
square foot. The grantor was Charles R.
Blako, administrator of the estate of Mar-
tha McKnight, who was represented by
the Hayde Realty Co. Mr. Reyburn owns
the property next west.
The Mercantile Trust Co. also sold to
Henry W. Beck for \$11,350 the lot 23,100 feet
on the northwest corner of Pine and Twen-
tieth streets, occupied by the purchaser for
the grain business. Mr. Beck has long had
a lease on the premises and he owned the
2½ feet next west, so that by the purchase
he now has 23,100 feet available for a fine
building. He now owns the improvements
on the corner. The grantor was Amadeo
V. Reyburn, who was represented by the
Hayde Realty Co. The lot is 140 feet
front foot on Pine street, or \$11.5 a square
foot.

More Trusts Forming.

If the trust formation continues the time is not
distant when almost everything in the country
will be controlled by them. Whether this would
be beneficial to the country or otherwise we are
not prepared to state. There is one thing, how-
ever, that can never be controlled by a trust and
that is good health. The best means of obtaining
this is by the use of Hostetter's Stomach Bitters.
This wonderful medicine continues to cure all
stomach, liver and bowel troubles, the same as it
has done for the past fifty years. If you are a
sufferer from dyspepsia, indigestion, constipation,
flatulency or nervousness, do not fail to give it
a trial; at once, as it will surely cure you. It will
also prevent malaria, fever and ague.

Great Values at Little Prices in MISSOURI'S GREATEST STORE. CLOAK AND Barnes SUIT DEPT.

The entire surplus stock of four of New York's largest manufacturers, of which we
told you, was not to be exhausted in a day, otherwise we wouldn't be able to quote you
the low prices below. We bought at 40 cents on the dollar. You do the same!

This purchase, which consists of Ladies' Summer Dresses and Suits, Wash Dress
Skirts, Wrappers and Children's and Misses' Wash Dresses—every garment brand new
and fresh—will be sold at a price less than the actual cost of material. All values guar-
anteed just as advertised.

NEW PUBLICATIONS.

Scribner's Fiction Number

THE FICTION (AUGUST) NUMBER of 1901 is now ready and can be
found at all news-stands. It bears out in text and in illustrations the reputation
made by the brilliant numbers preceding it, and will stand as the best of all
Scribner Fiction Numbers. There are eight stories by popular writers, many illustrations
by the best artists, eight pages of illustration in colors by Maxfield Parrish, and a
special cover in eight colors by Albert Herter.

Richard Harding Davis contributes a char-
acteristically brilliant story, A DERELICT, with
many illustrations by Walter Appleton Clark.

Eight Pages in Colors. "Q" (A. T. Quil-
ler-Couch) tells a legendary story of the Cornish
coast, entitled PHOEBUS ON HALZAPHRON,
illustrated with eight pages in colors by Max-
field Parrish.

J. A. Mitchell, the author of "Amos Judd,"
begins a new and most original serial story,
THE PINES OF LORY.

Octave Thanet tells a Woman's Club story,
THE OBJECT OF THE FEDERATION, with illus-
trations by Howard Chandler Christy.

A New Sea Story, entitled FROM REYKJAVIK
TO GLOUCESTER, by J. B. CONNOLLY, author of
"A Chase Overnight," illustrated by M. J.
Burns.

Zack tells a story of English village life, BENJA-
MIN PARROT'S FANCY.

A Little Savage Gentleman. A true ac-
count, by Mrs. ISOBEL STRONG, of a Samoan
boy that was adopted by the author and lived
for a time with the Stevensons.

The Memphis Packet. A fine breezy story
of an old Mississippi steamboat captain by
WILLIS GIBSON and illustrated by F. C. Yohn.

Rural New York City. An account, by
JESSE LYNCH WILLIAMS, of the interesting rural
features still existing within the city limits of
the Greater New York. Illustrated fully by
Henry McCarter, Edwin B. Child, Everett
Shinn, W. J. Glackens, C. W. Hawthorne and
others.

Jannik and Genevieve. A POEM OF BRIT-
TANY. Illustrated by Henry McCarter.

OCTAVE THANET

Octave Thanet, the novelist, who has

written so many charming novels and
 stories of western farm life, is an interest-
 ed attendant at the Folsburg trial.
 In private life the novelist is Miss
 French. Laughingly she denies that she
 intends basing a novel on this mysterious
 tragedy of the Berkshire hills, but she is
 studying the case as it develops at the trial.
 "Who could invent such a plot?" she says.

[illegible]

of western farm life, who drinks in every word of the testimony at the Foster trial.

Next to the accused and his family she is probably the most noted figure in the courtroom.

Miss French, for that is her name in private life, is visiting friends here. She has been bantered about her devotion to her themes, and many are the suggestions

It is the most perplexing case I ever encountered," said Miss Thonet. The fascination is terrible. Here are one's friends, those for whom we have affectionate, life-breathing actors in a plot that surges the morbid inventions of Gaboriau. No, I am not going to write a book about this. That would be a crime.

"What do you think of the trial so far?" she asked.

"I think," she replied slowly, "that the case has utterly failed so far to make out a case against Fred."

But who says the intruders that night were necessarily burglars? Has it occurred to you that at that very time the Fosberg firm were in the midst of a very serious difficulty with a labor union? Do you recall that Mr. Fosberg had gone so far as

say he would build the work he was fired upon at that very time out of coal rather than give in to the demands of a certain organization, and that there is a lot of bitter talk against him in sequence?

That is a characteristic of labor unions regard a strike as war, and, you know, is fair in war. Such men are as honest in their conception of right as we are, but would think it as much a plan of

Gen. Funston did in the capture of sinners.

Men in such a cause would be just the kind to scorn to lay hands upon valuable property. But they are as anxious as were the Irish at the time of the Fenix Park murders, and would never lay their own.

Some of the very strongest points against the cause of the sinners are

case are, to my mind, the very best proof of the innocence of the accused. Who could a good woman and mother, who saw her son had shot her daughter, bear so long under the weight of such a deed? Could she, instead of wishing to get away from him, show by every careless action that he is dearer to her than life? Could innocent children be drilled so short a time to such base deceit?

the story of the case. Why not concoct it well and have thieves steal not alone a revolver, but valuables that lay around? Foot tracks were to be "planted" where intruders are supposed to have jumped, and plant them in a way that was difficult of explanation? Why plant them in the toes pointing toward and not away from the house?

Unpaid Election Officers.
The Editor of the Post-Dispatch.
We would like to know what has become of the appropriation for the judges and clerks of election, as we understand the money was appropriated in that Sweeney bill which was passed in both houses and signed by his honor Mayor Wells. We would like to know what has become of this appropriation.

understood that we were to be paid for the work and now we will get paid. There is no controversy since we furnished our work. We owed the city for taxes on the houses that length of time we surely would have to pay interest on the same, but we be satisfied without interest if we only our well-earned money.

## PORTO RICO HAS FREE TRADE

The President's Proclamation Making Public.

AN ANNIVERSARY ACTION  
THURSDAY COMMEMORATES THE  
PLANTING OF THE FLAG.

Hereafter All Goods Passing Between  
the United States and the Island  
Will Be Free of Duty.

WASHINGTON, July 25.—The President issued his proclamation establishing free trade between Porto Rico and the United States and declaring the organization of a civil government for the island. The proclamation is purely formal and only in the body of the resolutions adopted by the Porto Rican Legislature (therefore published) does it appear that the island is set free commercially today in commemoration of the anniversary of the planting of the American flag on the island. The proclamation is headed, "Cession of Porto Rico."

It recites that the act of April 12, 1900 (otherwise known as the Foraker act), provided that whenever the Porto Rican Legislature has enacted and put into operation a system of local taxation to meet the needs of the government and by resolution so notified the President, the latter shall issue a proclamation and all duties on all goods passing between the United States and Porto Rico shall cease. As the legislature has complied with that requirement of the act in terms set out in the resolutions, which are quoted in full in the body of the proclamation, that document says: "Therefore, I, William McKinley, President of the United States, in pursuance of the provisions of the law above quoted and upon the foregoing due notification, do hereby issue this, my proclamation, and do declare and make known that a civil government for Porto Rico has been organized in accordance with the provisions of the said act of Congress."

"And I do further declare and make known that the legislative assembly of Porto Rico has enacted and put into operation a system of local taxation to meet the necessities of the government of Porto Rico."

"In witness whereof I have hereunto set my hand and caused the seal of the United States to be fixed."

"Done at the City of Washington this 25th day of July, in the year of our Lord one thousand nine hundred and one and of the independence of the United States the one hundred and twenty-sixth."

"WILLIAM McKINLEY,  
Secretary of State."

**THE POPE'S SHOES**  
MANY CARDINALS AMBITIOUS TO  
STEP INTO THEM.

THE TIME IS DRAWING NEAR  
There Are Now Six or Seven Aspirants  
for the Holy Chair of  
St. Peter.

ROME, July 25.—Although the Pope is in  
excellent health, the feeling prevails at  
the Vatican that a meeting of the College  
of Cardinals cannot be far off, and there  
is no secret that the candidates for the  
papacy are making elaborate preparations  
for this conclave.

One of the chief characteristics of the  
next conclave, according to a high prelate,  
will be the large number of candidates for  
the chair of St. Peter, whereas, after the  
death of Pius, only a few candidates were  
candidates whose chances for the papacy  
were serious.

To-day half the sacred college aspires  
to the chair, and a first scrutiny is expected  
to show six or seven cardinals are favored  
for the pontificate.

Those who are well informed anticipate  
a deadlock and the ultimate selection of  
an outsider who has not yet been men-  
tioned.

Rest, recreation and recuperation may be  
found at the Hotel on the picturesque  
Vatican Coast.

**INDEPENDENT STEEL PLANT**  
New Pittsburgh Company Will Have  
\$2,000,000 Capital.

PITTSBURGH, Pa., July 25.—The Pittsburgh  
Wire and Steel Co., a new concern, will  
make application to Gov. William A. Stone  
on Aug. 14 for a charter of incorporation.

The proposed corporation is to have a  
capital stock of \$2,000,000 and will, it is  
said, erect one of the largest and most  
complete independent plants in the world  
on the line of the Pittsburgh & Lake Erie  
Railroad, a few miles south of this city.

The incorporators are A. Dempster, Thom-  
as Walker, Lieut. Thomas W. Pritch, John  
W. Garland and Robert Garland, all thor-  
oughly experienced in the steel business.

Mr. Finch, who is to be superintendent of  
the new works, said:

"We are not going into this thing for  
the purpose of challenging the combine. It  
is simply that we realize the wire industry  
needs a field which we can enter and  
make money."

**HEAT CAUSED SUICIDE.**  
A. B. Bryant Killed Himself at His  
Father's Home in Savannah, Mo.

Savannah, Mo., July 15.—Arthur B.  
Bryant, a son of Dr. W. H. Bryant, an old  
practitioner of this city, shot and killed  
himself in the woods at the rear of his  
father's residence this morning at 8 a. m.

He lived at Atchison, Kan., but came up  
yesterday to recuperate from a heat at-  
tack. When he arrived at 12 p. m. he  
went for him to come to breakfast. He  
heard the shot and up investigation dis-  
covered his body. Temporary medical at-  
tention superinduced by his exhaustion by  
the heat was the cause. He leaves a wife  
and three children.

**FRANKFURTERS CAUSE DIVORCE**  
Mr. and Mrs. Schwab, After Forty  
Years, Quarreled Over Matter of  
Who Ate the Sausages.

Special to the Post-Dispatch.  
NEW YORK, July 25.—After forty years  
of married life, in which they have never  
been separated for a day and during which  
time they have had but one quarrel, Joseph  
Schwab and his wife, Catherine, have de-  
cided that they must separate. Both are  
now over 60 years of age.

"And the quarrel, what is it about?" a  
reporter asked the husband.

"It is about some frankfurters," was the  
reply.

The question of who ate the frankfur-  
ters has so split the family that the wife  
has asked the Supreme Court to give her  
a decree of separation from her husband.

The husband told the court he was will-  
ing that she should have her decree, but  
he objected to the amount of alimony asked.  
He also objected to retransfer to her \$20,000  
worth of real estate which she alleges  
she transferred to him.

The question was, who ate the frank-  
furters? The wife claimed that she brought  
them home at noon to have them cooked for  
supper. When he arrived at eight he  
declared that she had not seen them.

The husband accused her of having cooked  
them for their son-in-law and said his wife  
thought more of the young man than she  
did of him.
